1963 Sunbeam Alpine III: This car has a 2 door convertible/cabriolet type body with a front positioned engine powering the rear wheels. It is powered by a naturally aspirated engine of 1.6 litre capacity. This unit features overhead valve gear, 4 cylinder layout, and 2 valves per cylinder. It has an output of 77 bhp (78 PS/57 kW) of power. The last owner found this lovely 1963 Sunbeam Alpine Series 2 in 1988 after having been not used for over 20 years. This is an original 'black plate' '63 Californian Sunbeam. Between 1998 and 2002 this last owner had the car completely restored and mechanically overhauled. This 1963 Sunbeam Alpine is a Series II example that was purchased new in Santa Rosa, California and has remained in the Napa Valley area since. Originally Lake Blue, the car was repainted in 1997 by its second owner who acquired the car as part of a property deal with the original owner. This 1963 Sunbeam Alpine Series III GT was given a full restoration in 2009 and has 94k miles. This example has been modified with the 1725cc engine and fully synchronized 4-speed manual gearbox from a Series V Alpine.

1963 Sunbeam Alpine T he Alpine name was revived for the 1960 model year. It used many design and mechanical elements from the Hillman Minx-based Rapier. The assembly work was done by Armstrong-Siddeley initially, but later handled by Rootes.
