The union by the Congregational and Christian churches seemed the most natural in the world, yet most of their life together from 1931-57 concerned the General Council with matters surrounding church union, first its own and then with the Evangelical and Reformed Church. Congregational Health Ministry. There are many ways for a local congregation to have a health ministry. Few of them have the size or the intensity of mission to do all of them, but any congregation can do some of them. How can a congregation develop a ministry of healing and wellness? Formed in 1888, First Congregational Church UCC in Santa Rosa, California, delights in how God is speaking to them in 2006. "We've just begun saying "yes," having the courage to be inclusive without fully knowing where we will go," says pastor David Parks-Ramage, "and God's been busy."
