

# Download Embraer Legacy 145 Maintenance Manual

After the success of the EMB 110 Bandeirante, Embraer began the development of their first transport category airliner in 1974. The Family 12X comprised three models with modular concept designs: EMB 120 Araguaia, EMB 123 Tapajós and EMB 121 Xingu. EMB 121 was the sole 12X model effectively produced. The Malabar Model 8714 Floating “Fly-Away” Axle Jack is a 65 ton capacity, two stage hydraulic jack designed primarily for use in jacking main and/or nose landing gear of various aircraft. The Malabar Model 8920 Floating “Fly-Away” Axle Jack is a 95 ton capacity, two stage hydraulic jack designed primarily for use in jacking the main and/or nose landing gear of various aircraft.
