The Mojave Desert (/ m oʊ ˈ h ʌ v i, m ʊ-/ mo-HAH-vee; Mohave: Hayikwiir Mat'aar) is an arid rain-shadow desert and the driest desert in North America. It is in the Southwestern United States, primarily within southeastern California and southern Nevada, and it occupies 47,877 sq mi (124,000 km²). Very small areas also extend into Utah and Arizona. Its boundaries are generally noted by ...For tutoring please call 856.777.0840
