

Download Legislative Responses To Organ Transplantation

1. Policy introduction. One of the most commonly proposed responses to the acute organ shortage which exists in numerous countries is the introduction of a system of presumed consent, whereby, in the absence of a formal objection, the individual is taken as having consented to donation. Timely Topics in Transplantation (T3) webinars are the perfect opportunity to listen to a live presentation on a current issue and ask questions directly to the presenter. A. Introduction B. The Allegation C. Working Methods D. Difficulties of proof E. Methods of proof F. Elements of Proof and Disproof a) General considerations

The mission of Urology, the "GOLD JOURNAL", is to provide practical, timely, and relevant clinical and basic science information to physicians and researchers practicing the art of urology worldwide.
