The PNCM has been reorganized and is broken into five (5) distinct sections: (1) Nutrition Care, (2) Client Ed/Diets, (3) Calculators, (4) Formulary, and (5) Resources. Below you will find a description of each section and what information can be found within each section. Kidney disease affects millions of Americans and can lead to kidney failure. Without therapy, patients with kidney failure will die. Often, this intervention involves a kidney transplant. • The initial stage (Phase I) involves the most intensive supervision and occurs in an inpatient setting. A Phase I program is typically initiated during the acute convalescent
