ExCEL. ExCEL gives you greater access to online courses by allowing you to register in online classes at another California community college without filling out a separate application! Receiving an early diagnosis, however, is very important. That's because IPF is a progressive disease —meaning it worsens over time. When a person receives an early diagnosis, treatments that slow disease progression can be started earlier. The sooner you receive a diagnosis, the sooner you can begin to evaluate your treatment options with your doctor. Video discussion guide / 2 link spots Introduction What is a bias? A bias is a preference or prejudice for or against something. Not all biases are bad: for example, it's natural to have a preference for your family, a Terms and Conditions May Apply Discussion Activity uide 3 This guide is designed so that users can pick and choose topics and clips that are most relevant and interesting to them when examining the issues presented in Terms and Conditions May Apply.
