In just about three weeks from now, on November 5, Washington State will likely pass a ballot initiative to label GMOs. Polling I've seen suggests two-thirds of voters currently approve of I-522. Those numbers may come down a bit, but my hunch is this particular battle is lost. I'm told that it ...10 IRREFUTABLE evidence that GMO can harm you! Nature is a living organism that functions through every cell and organ. There is nothing isolated in nature and everything is connected with one another. This post has been updated. More than 100 Nobel laureates have signed a letter urging Greenpeace to end its opposition to genetically modified organisms (GMOs). The letter asks Greenpeace to cease ...
