

# Download Suicide As Psychache A Clinical Approach To Self Destructive Behavior

Studies of Other Species Humans are the only species who engage in intentional self-destructive behavior. Philosophers generally limit the possibility of voluntary and intentional self-destruction to the human race. Insignito con lo Shneidman Award 2008 dall' American Association of Suicidology Department of Psychiatry, Sant' Andrea Hospital, Sapienza University of Rome, Italy???? ?/(?)?????
