Nature Arts and Crafts brings you over 30 wonderful printables that you can use with your children to make, create, and learn outdoors. It's perfect for nature study, forest school activities and family days outdoors. The Arts and Crafts movement was an international trend in the decorative and fine arts that began in Britain and flourished in Europe and America between about 1880 and 1920, emerging in Japan in the 1920s as the Mingei movement. It stood for traditional craftsmanship using simple forms, and often used medieval, romantic, or folk styles of decoration. Honeybee Centre's Bees & Bugs Lab offers exciting school field trips from preschool to high school. This unique experience will introduce your students to the fascinating world of the honeybee and emphasize the importance insects have in our environment. Located in Surrey, BC in greater Vancouver.
