Cannabidiol (CBD) is an active ingredient in cannabis derived from the hemp plant. It may help treat conditions like pain, insomnia, and anxiety.<sup>2</sup> Question. Does my dog need drugs for Obsessive-Compulsive Disorder (OCD)? I was watching the news and it said if a dog chases its tail, runs in circles, bites at himself and/or in the air, and/or whines, etc., that it probably has OCD just like humans and needs medication such as Prozac or Zoloft. Liz Allison, with son Robbie and daughter Krista, describe their thoughts on the night the late Davey Allison is inducted into the NASCAR Hall of Fame. Ok. Ten Ways to Stop Feeling Like a Failure Let's make one thing clear: failure is not good. People try to say, "all great successes start with failure". This is not true. Nor is true that Thomas Edison failed 10,000 times before he inven...
