

Download Users Guide To The Epic Training Center

Provider Super User Responsibilities. A Provider Super User provides support to LIP's (Licensed Independent Providers) and end users in his or her department before, during, and after Go-Live to ensure the continuing success of the Epic@UNC implementation. EPIC has sent a statement to the House Judiciary Committee in advance of a hearing on Google's business practices. EPIC said that "algorithmic transparency" should be required for Internet firms. EPIC explained that Google's acquisition of YouTube led to a skewing of search results after Google substituted its secret "relevance" ranking for the original objective ranking, based on hits and ...Contact Training.
